Infiltrators from Bangladesh in the country

1764. SHRI SOM PAL : Will the Minister of HOME AFAIRS be pleased to state :

(a) what is the estimated number of infiltrators from Bangladesh who are living in the country at present;

(b) what action is being taken by Government for their repatriation and by when these are likely to be repatriated;

(c) whether it is also a fact that some of them have managed to get ration card also; and

(d) if so, what is Government's reaction thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI RAJESH PILOT) : (a) and (b) It is difficult to estimate the number of infiltrators from Bangladesh as they enter surreptitiously and are able to mingle easily with the local population because of ethnic and lingual similarities. There are standing instructions to the State Governments including Union Territory Administrations to detect and deport such migrants back to Bangladesh. Various measures including intensificaion of patrolling by the BSF, strengthening of its water wing, accelerated programme of construction of Prevention of Infiltration of Foreigners (PIF)/Mobile Task Force (MTF) Schemes, issue of identify cards to people residing in border areas, etc. have also been taken/are being taken to check the infiltration of such migrants.

(c) and (d) Ration cards are issued by the State Governments to facilitate distribution of essential supplies to eligible persons. The possibility of illegal migrants obtaining the ration cards by suppressing their antecedents cannot be ruled out. This issue among others was discussed in a conference with the Chief Ministers of the affected states (U.T. of Delhi was also represented) in September, 1992. It was generally agreed to take steps to ensure that the illegal migrants are not issued ration cards.
